In this tour you will attend the Art Monte Carlo art fair, visit the exclusive design fair PAD, and/or explore the rich art history of this region by taking part in a guided trip to special locations in the Riviera. One-day and two-day tours are available during these dates upon request.

ART MONTE CARLO

Art Monte Carlo is a new art fair-exhibition, which aims to establish an artistic platform on the Côte d'Azur. Created under the patronage of S.A.S Prince Albert II of Monaco, it brings together the leading global galleries (Gagosian, Pace, Victoria Miro, Marlborough) with the best regional galleries. Taking place in small, refined locations – the Grimaldi Forum, the Yacht Club de Monte Carlo, and the Casino de Monte Carlo – Art Monte Carlo reflects its environment, and is agreeable while also deserving an international reputation.

The whole Principality will be transformed into a grand gallery space, by well-known institutions: Francis Bacon MB Art Foundation; the Museums of Chagall, Picasso and Leger; Artcurial Auction House, and many others.

PAD Monaco will take place at the Grimaldi Forum from 26-28 April 2019.
